

Digitize w/ Aggie

Digitize for Applique, Applique-in-Reverse, Fill Stitches and Frame Setup

&

Embroider Digitized Design for a Pillow or

Quilt-that-folds-into-a-Pillow

Student will download free heart clipart from internet (or use supplied clipart or software clipart), insert clipart into software as a backdrop; digitize for applique, reverse applique, fill stitches and frames; manipulate custom shapes; embroider design onto a background fabric in more than one hooping; and sew fabric square into a pocket (for quilt insertion) or into a pillow. Techniques will be given for successful applique and fill designs, choosing best stabilizer, adding fonts and other embroidery applications.

REQUIREMENTS:

- A. Computer with external mouse if possible
- B. Thumb Drive or usb cable to download design to machine
- C. Embroidery Machine with accessories
- D. Embroidery Thread and filled bobbins
- E. Cutaway stabilizer for at least 3 hoopings
- F. ½ yard of background fabric and sewing thread to match
- G. 4-inch squares of applique fabrics
- H. Marking Tools
- I. Sewing Tools – scissors, pins, etc.
