FLORIANI DIGITIZING PROJECT
ITH Cork Checkbook Cover Supply List

STEP	ITEM	DESCRIPTION
1	**Digitizing**	
	Software	Floriani - latest build
	Laptop	Recommended w/Windows 10 and in working condition. If your laptop runs slow because it is overloaded or has Windows 7, you may fall behind in class.
	Mouse	Easier to digitize with mouse than the finger pad
	Power Cord	To conserve your laptop's batery
2	**Embroidering Supplies & Equipment**	
	Machine	Embroidery/Sewing combo machine in working condition (some sewing may be required). You must know how to operate your equipment. There will be no time to show you how to use your machine.
	Power Cord	If you forget your power cord, you'll have to purchase one in the store (if available)
	Embroidery Attachment	Can't do much embroidery without this -- ask me how I know, LOL!
	Hoop(s)	must be able to accommodate design size 7"W x 8"H
	Stabilizer	Cutaway Stabilizer (light to medium weight) and Fusible Mesh if you desire for your lining. Also, if you want to make an insertable credit card holder, you'll need water soluble stabilizer.
	Tape	Pink Embroidery Perfection Tape and 1/4" White Stitch Perfection Tape
	Embellish	Optional - Rhinestones & Rhinestone Hot Fix Tool
	Temp Spray	Optional
3	**Fabric & Sewing Supplies**	
	Fabric	1/2 yd Cork Fabric 2"W x 5"H coordinating knit fabric (pen holder) 1/4 yd Lining Fabric Optional - 8-gauge Vinyl for credit card holder
	Thread	Can be done in mono-color if desired, bring whatever colors you want to use
	Bobbins	Pre-wound bobbins
	Needle	7/11 needle
	Scissors	Applique Scissors, Fabric Shears, Stabilizer Shears
	Rotary Cutter	Also extra blades in case your rotary cutter blades are dull
	HINTS	It is not recommended to use cork with a directional print because the back will appear upside down when the checkbook cover is folded for use.
